

NATIONAL LEADER IN COMPREHENSIVE SYSTEMS
CHANGE FOR CREATING CONDITIONS OF LEARNING

Restorative Justice Centers

Restorative Justice Centers (RJC) address maladaptive behavior in a way that strengthens relationships and builds community.

The RJC allows student offenders to take responsibility and to make amends for violating school policy and procedure. RJC advocates model school-wide expectations and actively participate in the decision-making process. Advocates work with student offenders to fashion creative solutions to disciplinary matters, provide meaningful opportunities to be heard and encourage accountability while focusing on repairing harm to the community. Restorative justice emphasizes values of empathy, respect, honesty, acceptance, responsibility, and accountability.

- Provides ways to effectively address behavior and other complex school issues
- Offers a supportive environment that can improve learning
- Improves safety by preventing future harm
- Offers alternatives to suspension and expulsion

The Training Includes

Consultation sessions for planning implementation with leadership

Training for the school staff

Training for student advocates and Implementation Team (with a maximum of 40 participants)

One intensive booster training for advocates

Six coaching sessions with the Implementation Team (four 3-hour Zoom coaching sessions and two half-day observations with feedback)

To apply, simply submit an application to request training for your school.

**“Strengthens Relationships.
Builds Community.”**
